MASSACHUSETTS, January 29, 1935: "Just a line to tell you your roses came to hand promptly, and were certainly a nice lot. The Halls Honeysuckle is nice, rugged stock, and we are well pleased with it."

GEORGIA, February 27, 1935: "All the plants I have had from your nursery this Spring have been just fine."

KANSAS, January 11, 1935: "Although we have not had a complete report from the boys, they tell us the stock looked nice as it came from the car, and that your chart was a big help in unloading. Would say by all means continue the practice."

IOWA, February 18, 1935: "You certainly did a good job in filling our order. You gave us a good lot of stock. We doubt if there is another firm who could furnish a similar list of stock that would average as well as yours."

IOWA, February 9, 1935: "Pleased to advise the arrival of the first car and find everything satisfactory. Counts very accurate, enough extra plants to take care of any breakage in handling."
